Sing Out 2025 Lyrics

Sing Out by Owston Park Primary, Willow Primary School, Janet Wood and Jim Lunt

ALL
Sing, sing, sing out
Sing, sing, shake out!
Raise your hands up to the sky
Singing makes you want to fly
Sing out, sing out, sing out!

Sing, sing, sing out
Sing, sing, shake out!
Raise your hands up to the sky
Singing makes you want to fly
Sing out, sing out, sing out!
Two three four!

Chipmunk giddy, party happy
Dancing like a disco ball
Gibbering monkey, chicken funky
Surfing on a guitar board (*chipmunk, monkey and chicken noises!*)

Sing, sing, sing out!
Sing, sing, shake out!
Raise your hands up to the sky
Singing makes you want to fly
Sing out, sing out, sing out!
Two three four!

Helps with reading, makes us love it
We all want to sing some more
Makes things better, sing together
Even when you're doing your chores boo!

Sing, sing, sing out!
Sing, sing, shake out!
Raise your hands up to the sky
Singing makes you want to fly

Sing out, sing out, sing out!

Let it rain in singing notes
Bringing a rainbow of light
Open the door to happiness
And turn the whole world bright

Sing, sing, sing out!
Sing, sing, shake out!
Raise your hands up to the sky
Singing makes you want to fly
Sing out, sing out,
Sing out, sing out,
Sing out, sing out,
Sing out ‘cause we wanna fly!

I Wanna Rock an 80's rock medley by Alan Merrill and Jake Hooker, Bernie Taupin, Martin Page, Dennis Lambert and Peter Wolf, Steve Perry, Neal Schon and Jonathan Cain, Joey Tempest and arranged by Jim Lunt

I Love Rock And Roll
I wanna rock
I want to rock
Wooh….

I love rock and roll
So put another dime in the juke box baby
I love rock and roll
So come and take your time and dance with me

I love rock and roll
So put another dime in the juke box baby
I love rock and roll
So come and take your time and dance with me…….
Ah……

We Built This City On Rock And Roll
We built this city
We built this city on rock and roll
Built this city
We built this city on rock and roll….

Marconi plays the mamba
Listen to the radio
Don't you remember, we built this city?
We built this city on rock and roll…..

We built this city
We built this city on rock and roll
Built this city
We built this city on rock and roll….

Don't Stop Believing
Just a small town girl
Livin' in a lonely world
She took the midnight train going anywhere

Just a city boy
Born and raised in South Detroit
He took the midnight train it goes on and on and on and on

Don't stop believing, hold on to that feeling
Streetlight people….
Don't stop believing, hold on to that feeling
Streetlight people….
Don't Stop!

The Final Countdown

We're leaving together, but still it's farewell
And maybe we'll come back
To earth who can tell?
I guess there is no one to blame
We're leaving ground
Will things ever be the same again?

It's the final countdown
The final countdown

Ah……..

I gotta rock rock rock rock
I love woo……..rock!

Magic Shoes by Our Lady of Mount Carmel Catholic Primary School, Our Lady of Sorrows Catholic Voluntary Academy and Luke Carver Goss, arranged by Jim Lunt

Going on a journey (clap clap clap)
Going on a journey (clap clap clap)
Put on your magic shoes
I'm going on a journey……. (clap clap clap)

I was hungry, so I went to the shop
Got apple pie and fizzy pop
Saw a doorway, behind the till
Started shining, as I paid the bill

Dodged the camera, and I scurried through
Was a portal, could it be true?
So I entered, thought 'What have I done?"
My adventure, it had begun

Going on a journey (clap clap clap)
Going on a journey (clap clap clap)
Put on your magic shoes
I'm going on a journey……. (clap clap clap)

In a forest, with chocolate trees
Is it edible? Oh pretty please!
As I knelt down, right to the ground
Little fur balls, they rolled around

Well I chased them, going round and round
To a portal, deep underground
Kept on chasing, from side to side
Saw a portal, I jumped inside

Going on a journey (clap clap clap)
Going on a journey (clap clap clap)
Put on your magic shoes
I'm going on a journey……. (clap clap clap)

I saw something, in the air
I thought it was a flying bear
Jumped up on her back, just for the ride
Went everywhere, so far and wide

Then we slowed down, she was out of puff
Well thank goodness! I'd had enough

Just one problem, could I get home
Phoned my Daddy, on my mobile phone
My mobile phone

Come and take me back, back, back where I belong
Come and take me back, back, back where I belong
Come and take me back, back, back where I belong
Where I belong

Going on a journey (clap clap clap)
Going on a journey (clap clap clap)
Put on your magic shoes
I'm going on a journey……. (clap clap clap)

Put on your magic shoes
I'm going on a journey…….
Come and take me back, back, back where I belong!

Cowboy Hotpot by Alan Jay Lerner and Frederick Loewe, John Denver, Bill Danoff and Taffy Nivert, Richard Rodgers and Oscar Hammerstein, arranged by Jim Lunt

Wandering Star

I was born under a wan'd'rin star
I was born under a wan'd'rin star
Wheels were made for rollin', mules were made to pack
I never seen a sight that didn't look better looking back
I was born under a wan'd'rin star
I was born under a wan'd'rin star

Take Me Home Country Roads

Almost heaven, West Virginia
Blue Ridge Mountains, Shenandoah River
Life is old there, older than the trees
Younger than the mountains
Growing like a breeze

Country roads take me home
To the place I belong
West Virginia, Mountain Mama
Take me home, country roads

Country roads take me home
To the place I belong
West Virginia, Mountain Mama
Take me home, country roads

The Farmer and The Cowman

Oh the farmer and the cowman should be friends
Oh the farmer and the cowman should be friends
One man likes to push a plough
The other likes to chase a cow
But that's no reason why they can't be friends

Territory folks should stick together
Territory folks should all be pals
Cowboys dance with the farmers' daughters
Farmers dance with the ranchers gals

(instrumental)

Hey hey yee hah!
Hey hey yee hah!
Hey hey yee hah!

Yee…….hah!

Territory folks should stick together
Territory folks should all be pals
Cowboys dance with the farmers' daughters
Farmers dance with the ranchers gals

Cotton Eye Joe
If it hadn't been for Cotton Eye Joe
I'd been married a long time ago
Where did you come from where did you go?
Where did you come from Cotton Eye Joe?

If it hadn't been for Cotton Eye Joe
I'd been married a long time ago
Where did you come from where did you go?
Where did you come from Cotton Eye Joe?

(instrumental)

He came to town like a midwinter storm
He rode through the fields so handsome and strong
His eyes was his tools and his smile was his gun
But all he had come for was having some fun

If it hadn't been for Cotton Eye Joe
I'd been married a long time ago
Where did you come from where did you go?
Yee…….hah!

I'll Stand By You by Chrissie Hynde, Tom Kelly and Billy Steinberg, arranged by Jim Lunt

Oh, why you look so sad?
Tears are in your eyes
Come on and talk to me now
Don't be ashamed to cry
Let me see you through
'Cause I've seen the dark side too
When the night falls on you
You don't know what to do
Nothing you confess
Could make me love you less

I'll stand by you
I'll stand by you
Won't let nobody hurt you
I'll stand by you

So if you're mad get mad
Don't hold it all inside
Come on and talk to me now
Hey, what you got to hide?
I get angry too
Well I'm a lot like you
When you're standing at the crossroads
And don't know which path to choose
Let me come along
'Cause even if you're wrong

I'll stand by you
I'll stand by you
Won't let nobody hurt you
I'll stand by you
Take me in into your darkest hour
And I'll never desert you
I'll stand by you

(instrumental)

And when, when the night falls on you baby
You're feeling all alone
You won't be on your own

I'll stand by you
I'll stand by you

Won't let nobody hurt you
I'll stand by you

Main Line

Take me in into your darkest hour
And I'll never desert you
I'll stand by you
I'll stand by you

I'll stand by, I'll stand by

You……

Little Time Machine by Mallard Primary School, Edlington Victoria Academy and Luke Carver Goss, arranged by Jim Lunt

I've got a little time machine
It's a mean machine
It's a dream machine
I bought it from a magazine
It's a clean machine
It's a lean machine

Flew so fast
Up in the sky
Watched the clouds
As the years rolled by

I've got a little time machine
Time machine, time machine
Ten, nine, eight, seven, six, five
A four three two one
Gotta go, gotta go, gotta go, gotta go
Gotta go back in time!

I took it back to ancient Greece
Saw a great big ram
With a golden Fleece
I took it up Olympus
Saw Apollo throw a discus

Flew back down
Under the ground
Minotaur made a scary sound

I've got a little time machine
Time machine, time machine
Ten, nine eight, seven, six, five
A four three two one
Gotta go, gotta go, gotta go, gotta go
Gotta go back in time!

I flew it on to Egypt land
Saw the pyramids
In the desert sand
I talked with Pharaoh's Mummy
She was funny, gave us honey

Immortal Sphinx
Took forty winks
Had to fly before we got jinxed

I've got a little time machine
Time machine, time machine
Ten, nine, eight, seven, six, five
A four three two one
Gotta go, gotta go, gotta go, gotta go
Gotta go back in time!

And now we've really got to go
Future's coming like tomorrow
And don't you really want to know
What's the future, like tomorrow?

Just fly away
In a time machine one day
Hear it sing ev'ryone will say

I've got a little time machine
It's a mean machine
It's a dream machine
I bought it from a magazine
It's a clean machine
It's a lean machine

Ten, nine, eight, seven, six, five
A four three two one
Gotta go, gotta go, gotta go, gotta go
Gotta go back in time!

Sleep, my little one
Now the night has just begun
Sleep, my little one
Sun is down and day is done

(instrumental)

Very soon, the moon will rise
Time to close your tired eyes
There's no shadow, in your room
Can steal the love I have for you

Sleep, my little one
Now the night has just begun
Sleep, my little one
Sun is down and day is done

(instrumental)

Counting sheep through the night
While the stars shine so bright
Happy songs fill your head
Little steps you will tread

Sleep, my little one
Now the night has just begun

Shake It Off

I never miss a beat
I'm lightning on my feet
And that's what they don't see mm
That's what they don't see mm
I'm dancing on my own
I make the moves up as I go
And that's what they don't know mm
That's what they don't know mm

But I keep cruising, can't stop won't stop moving
It's like I got this music in my mind
Saying it's gonna be alright

'Cause the players gonna play play play play play
And the haters gonna hate hate hate hate hate
I'm just gonna shake shake shake shake shake
I shake it off, I shake it off
Heart breakers gonna break break break break break
Fakers gonna fake fake fake fake fake
I'm just gonna shake shake shake shake shake
I shake it off, I shake it off

Shake it off, I shake it off I I I
Shake it off, I shake it off I I I
Shake it off, I shake it off

Can't Stop The Feeling

I got this feeling inside my bones
It goes electric, wavy when I turn it on
All through the city, all through my home
We're flying up, no ceiling, when we in our zone

I got that sunshine in my pocket
Got that good song in my feet
I feel that hot blood in my body when it drops ooh!
I can't take my eyes up off it, moving so phenomenally
Room on lock the way we rock it, so don't stop

Nothing I can see but you when you dance dance dance

Feel the good good creeping up on you
So just dance dance dance come on!
All those things I should do you
But you dance dance dance
And ain't nobody leaving soon so keep dancing

Main line

I can't stop the feeling
I can't stop the feeling
I can't stop the feeling
I can't stop the feeling

Harmony line

So just dance dance dance

Firework

You just gotta ignite the light and let it shine
Just own the night like the fourth of July

'Cause baby you're a firework
Come on show 'em what you're worth
Make 'em go "Aah aah aah"
As you shoot across the sky y y

Baby you're a firework
Come on let your colours burst
Make 'em go "Aah aah aah"
You're gonna leave them all in awe awe awe

ALL **(Harmony line sing lower notes)**

Boom boom boom, even brighter than the moon moon moon
Boom boom boom, even brighter than the moon moon moon
Baby you're a fire work!
